## EDUCATION

|                 |  |                                  |         |
|-----------------|--|----------------------------------|---------|
| 12/2021-06/2025 | <b>Dayanand Sagar College of Engineering B.E(Bachelor's of Engineering)</b><br>Branch: Computer Science.         | SGPA: 9.0                        | College |
| 04/2009-06/2021 | <b>Kendriya Vidyalaya AFS Yelahanka</b><br>Higher Secondary School Certificate.<br>Secondary School Certificate. | Percentage: 90<br>Percentage: 93 | School  |

## SKILLS AND TECHNOLOGIES

Languages: **SQL, Python, PHP, HTML, C++, C .**

Technologies: **Bootstrap, Django, Excel Sheet, Artificial Intelligence and Machine Learning, Data Science, Data Analytic, Generative-AI, Power-BI.**

## EXPERIENCE

|                 |   |         |
|-----------------|---|---------|
| 10/2023-11/2023 | <b>Win Reserch Center   Internship</b>  | Company |
|                 | <ul style="list-style-type: none"><li>Played a pivotal role in the development of a fitness app project within our team, focusing on creating an online platform for fitness enthusiasts. Facilitated connectivity with over 100 gyms in proximity.</li><li>Assigned as the team leader, successfully managing a team of 5 members and meeting project deadlines.</li></ul> |         |
|                 | Machine-Learning / Open-AI  |         |
| 11/2022-01/2023 | <b>Skill Vertex   (Training+Internship)</b>   | Company |
|                 | <ul style="list-style-type: none"><li>Spearheaded the implementation of industry-specific projects, a social media application, under the guidance of mentors, resulting in 95 % accuracy.</li></ul>  |         |
|                 | Django Frame-work / Python  |         |

## PROJECTS

|   |   |         |
|---|---|---------|
| Django, HTML, CSS, JavaScript, Machine Learning, Open-AI, SQL | <b>Health Vista (A comprehensive healthcare platform offering various services)</b>   | 08/2023 |
|   | <ul style="list-style-type: none"><li>Designed and implemented medication purchase system, resulting in a 70 to 80% sales hike for local vendors. Integrated AI chat-bot for personalized health responses, achieving a 92% accuracy.</li><li>Conducted ML report analysis with body regulation apps, with accuracy more than 94% each.</li></ul> |         |
| Django, HTML, CSS, JavaScript, SQL                            | <b>Convive (Created Convive, an online platform for anonymous community sharing)</b>  | 03/2023 |
|   | <ul style="list-style-type: none"><li>Facilitated sharing experiences and feelings for individuals facing mental stress, connecting over 500 like-minded individuals. Ensuring user anonymity and safety. With avegare rating of 4.5/5.</li></ul>   |         |
| Django, HTML, CSS, JavaScript, SQL                            | <b>E-commerce and Blog (An e-commerce platform with integrated blog section)</b>  | 07/2022 |
|   | <ul style="list-style-type: none"><li>Enabled users to purchase items across more than 20 different categories.</li><li>Created a blog section to promote products and enhance brand visibility, attracting 1000+ users.</li></ul>  |         |
| Python, Machine Learning, Data visualisation tools            | <b>Space Mission Analysis (Conducted rigorous analysis of space mission database)</b>   | 04/2022 |
|   | <ul style="list-style-type: none"><li>Utilized machine learning models to predict mission success rates with 95% accuracy.</li><li>Identified critical factors contributing to mission success, with the help of data visualization tools.</li></ul>  |         |

## ACHIVEMENTS

|  |      |
|--|------|
| <b>Hackathon-Mega (Runner-Up)</b>  | 2022 |
| - Led team to secure Second position out of 44 rival teams.                |      |
| <b>Hackathon-Uno (Winners)</b>   | 2022 |
| - Guided team to achieve First position out of 78 competing teams.         |      |
| <b>Hack Elite (2nd Runner-up)</b>  | 2023 |
| - Orchestrated team to clinch Third position among 52 participating teams. |      |
| <b>Technoverse (selected under top 10 teams)</b>                           | 2023 |
| - Selected among top 10 teams out of 150 in South region by Cognizant.     |      |
| <b>Problem Solving (300+ Questions)</b>                                    | 2023 |
| - Solved more 300 questions on several coding platform.                    |      |

## CERTIFICATION

|   |                                      |
|---|--------------------------------------|
| 1. Machine Learning :- Coursera(Stanford University)      | 2. Data Analysis :- Coursera(Google) |
| 3. Python and Django :- Skill-Vertex(Tranning+Internship) | 4. Data Science :- Coursera(IBM)     |
